

MDR - 537

Release Agent Mandrel

MDR - 537 is a specially release agent for Mold and Mandrel; it gives high slip to ease the production of rubber parts and rubber radiator hoses.

- Easy release for trouble free production
- Excellent release properties for NBR and EPDM rubber hoses
- Silicone free
- Good surface wetting/properties
- No mold fouling
- No corrosion of metal particular
- Thermal and chemical stability
- Stable lubricant film
- Easy washability with water

Properties:

- Appearance : Clear Viscous Liquid
- Solids Content (%) : 100
- Density (gr/cc) : ± 1

Application:

MDR- 537 can be used directly or diluted according user needs, coating weight will vary depending on the process. It can be used by brushing and wiping.

Packaging : 100 Kgs, 200 Kgs / Drum.

Storage : Do not store at temperatures above 40 °C. Keep from freezing.
Keep container tightly sealed to prevent evaporation and/or moisture contamination.
